

# Autumn in Year 1SC

The children have had a fabulous year so far, they have been a delight to teach and have settled in so well. I have included some photographs of things we have been doing.

## First day in Year 1

## Maths

The children use lots of equipment independently to work out problems.

## English

The children worked well together when matching vocabulary and pictures.

We learned about suffixes and how they change the root words

## Art

The children used fine art to create Rapunzel pictures

## MFL - Languages Day
