Outcomes to date:

Covid has had some impact in a decrease in attainment by a small number of children.

There are a few children with physical disabilities in school who join in with PE sessions and activities and have made progress from their starting points.

Dance after school club has resumed with the session offered to all KS 1 pupils.

Sports coach each day working with KS1 to promote sport, active and healthy lifestyle each day during the lunch hour – each year has 30 mins a day dedicated to them.

Judo session for all children during the academic year.

Children's sporting achievements outside of school celebrated weekly in assembly. Activities that the children are involved in include dance, swimming, judo, horse riding, cheerleading and football outside of school.

A sport and healthy lifestyle week is planned for later in the academic year with outside coaches, activities and a sports afternoon with parents planned for. Last year the children enjoyed Dance sessions from Danza, Tennis from professionals at Pinewood Tennis Club in Heswall. An inflatable fun session from Activity for All as well as a Sports Day afternoon where parents attended.

Next Steps/Recommendations:

- Monitor After School Club sessions for take up and participation
- All children to enjoy and participate in Judo sessions during the year.
- Sports coach to work with KS1 pupils each lunchtime to promote active lunchtimes with different activities around the playground.
- Plan Sports and Healthy lifestyle week for Summer Term 2023
- Monitor SOW and lessons across the school to ensure full coverage and progression
- Increase attainment across the school to return to pre-Covid levels of attainment.
