

Autumn Term in Year 1CP

The children have settled into year one beautifully and we have had a wonderful first term with them 😊

We are so proud of each and every one of them and are really looking forward to enjoying many more exciting lessons with them in the new year!

Here are some of the things we got up to during the Autumn term.

Maths

We have been learning about different coins and how we can add them up to make the correct amount.

Writing

The children have really worked hard with their writing and have written in a range of different genres including narrative story telling, recounts and instructions.

Creativity

The children have created some lovely artwork this term including self portraits which we linked to our science work on the human body.

Collaboration and team work

We love to work collaboratively as part of a team. Here the children worked together to add suffixes to a range of different root words.

P.E

Some of our favourite P.E. lessons this term have been when we were able to explore the large apparatus.

Christmas antics

What a wonderful way to finish off the term... the Christmas play, the party and of course our cheeky elf!
